

Introducing AUTOSCRIBE

Canadian AI software for Medical Record Documentation

WHAT:

My office will be using MUTUO Health's AI scribe software ("Autoscribe") now integrated into your existing Telus Health PS-Suite electronic medical record I have used since 2009.

HOW:

The audio portion of your appointment will be automatically transcribed in real time by this AI software generating immediate notes into your electronic chart as well as a summary for you outlining important details from our visit.

WHY:

This technology automates the time consuming task of chart completion allowing more direct focused time on your medical care.

PRIVACY:

PIPEDA compliant software (**P**ersonal **I**nformation **P**rotection & **E**lectronic **D**ocuments **A**ct).

Privacy and security of your medical records is ensured.

Review MUTUO Health's privacy policy at: <https://www.mutuohealth.com/privacy-policy>

I appreciate your patience throughout implementation.
